

Frog Pond, one thing at a time.

Find the landmarks. Choose one activity. Leave room to change your mind.

1. Frog Pond

Seasonal skating or spray-pool area. Check the operator for today's activity and closure notices.

2. Pavilion & café

Service building beside the pond. The City lists winter restrooms; café operation is seasonal. Accessible stall, changing equipment and current opening need confirmation.

3. Tadpole Playground

Playground beside Frog Pond. Play access listed by the City does not verify every item or the route from your arrival point.

4. Carousel

A separate seasonal activity west of the pond. Ask the operator about boarding and transfer arrangements.

Landmark map only. Pale paths show geography. Short dashed marks show mapped steps. No continuous step-free route is verified. Confirm entrance, restroom, changing support and your return route. See page 2 for access notes and sources.

The details that make the day easier.

Official sources checked October 3, 2026. Seasonal operations and physical conditions can change.

Step-free features

The City lists stair-free access to spray play and the playground on Boston Common. It does not identify a continuous route here.

Restrooms

The City lists an accessible portable toilet on the Common. Its exact current location and opening are not verified on this map.

A place to pause

The City lists shaded seating and benches along paths. No designated quiet or sensory room is verified.

Parking

The operator directs drivers to Boston Common Garage, with vehicle entry on Charles Street. Garage elevator location and current operation need confirmation.

Three things to confirm

1. Confirm the step-free entrance and path from your actual parking or transit stop.
2. Ask staff which restroom is open, accessible and suitable for the changing support you need.
3. Choose a pause spot and return route when you arrive; open park space is not guaranteed quiet.
